

FUEL TYPES	APPLICATION	FUNCTION	PRODUCT NAME
All Fuels	All Engines	Fuel Dryer 	HYDRA FUEL DRYER For Petrol, Diesel & All Liquid Fuels <ul style="list-style-type: none"> ✓ Absorbs water from fuel tanks ✓ Prevents carburetor, fuel filter icing ✓ Use in all petrol & diesel engines ✓ Perfect with turbo or non-turbo
		FuelPlus Multi-Biocide 	HYDRA FUELPLUS MULTI-BIOCIDE Knocks Out Harmful Bugs (Microbes) in All Fuels <ul style="list-style-type: none"> ✓ Quickly kills all fuel microbes, highly effective in fuel and water phase ✓ Stops excess sludge build-up, keeps fuel stable for over 6 months ✓ Stops blocked lines and filters, ensures long lasting protection
		Injector Cleaner and Power Booster 	HYDRA DIESEL POWER BLAST INJECTOR CLEANER FUEL ADDITIVE Reduces Fuel Consumption and Emissions By Up to 10% <ul style="list-style-type: none"> ✓ Contains heavy duty detergents which clean and protect fuel injectors ✓ Reduces harmful exhaust emissions ✓ Boosts fuel Cetane by up to 5 numbers
		Cetane Booster 	HYDRA CETANE BOOSTER FUEL ADDITIVE Boosts Cetane Numbers in Diesel & MGO Especially Bio Diesel <ul style="list-style-type: none"> ✓ Improves performance, economy also increases Cetane up to 8 points ✓ Improves cold start and reduces diesel engine knock ✓ Ideal Cetane booster for bio-diesel producer
		Diesel Particle Filter (DPF) Cleaner 	HYDRA DIESEL PARTICLE FILTER CLEANER Rapidly Regenerates DPF Systems in all vehicles <ul style="list-style-type: none"> ✓ Burn off accumulated soot deposits ✓ Saves fuel and increases DPF life ✓ Compatible with all diesel engines ✓ Low cost DPF regeneration by reducing soot burn temperature
		Fuel Haziness 	HYDRA DEHAZER & DEMULSIFIER FUEL ADDITIVE Removes Fuel Haziness, Water from Diesel and MGO <ul style="list-style-type: none"> ✓ Reduced need for filtering and reprocessing ✓ Reduced tank settling period and improves operational efficiency ✓ Prevention of hazing problems across the supply chain
Diesel & MGO	All Engines	Lubricant Improver for Low Sulphur Fuels 	HYDRA LUBRICITY BOOSTER FUEL ADDITIVE Low Sulphur Fuels Lubricant Improver <ul style="list-style-type: none"> ✓ Improves lubricity of low sulfur and ultra low sulfur diesel/MGO fuels ✓ Extends the life of components by minimizing metal-to-metal contact ✓ Maintains clean injectors, reduced filter blocking
		Winter Cold Flow Gelling & Waxing 	HYDRA WINTER COLD FLOW FUEL ADDITIVE Prevents Winter Cold Flow Gelling & Waxing <ul style="list-style-type: none"> ✓ Improves operability range at low temperatures ✓ Reduced pour point up to 22°C (40°F) ✓ Reduced wax formation up to 10°C (18°F) ✓ Reduced CFPP (cold filter plugging point)
		Injector Cleaner and Power Booster 	HYDRA PETROL POWER BLAST INJECTOR CLEANER FUEL ADDITIVE Injector Cleaner & Power Booster <ul style="list-style-type: none"> ✓ Contains heavy duty detergents, cleans and protects fuel injectors ✓ Boosts fuel Economy up to 10% maximises power and acceleration ✓ Reduced emissions plus A-rating corrosion protection
		Heating Oil Fuel Additive 	HYDRA HEATING OIL TREATMENT Removes Soot Build-up, Keeps Burner Nozzles & Injectors Clean <ul style="list-style-type: none"> ✓ Contains heavy duty detergents, cleans burner nozzles and injectors ✓ Removes accumulated soot deposits, solubilizes sludge in tanks ✓ By improving combustion reduces oil consumption by up to 10% ✓ Ideal for Aga, Rayburn and Range Master cookers
Petrol	All Engines	Injector Cleaner and Power Booster 	HYDRA PETROL POWER BLAST INJECTOR CLEANER FUEL ADDITIVE Injector Cleaner & Power Booster <ul style="list-style-type: none"> ✓ Contains heavy duty detergents, cleans and protects fuel injectors ✓ Boosts fuel Economy up to 10% maximises power and acceleration ✓ Reduced emissions plus A-rating corrosion protection
Heating Oil & Kerosene	All Oil Fired Boilers	Heating Oil Fuel Additive 	HYDRA HEATING OIL TREATMENT Removes Soot Build-up, Keeps Burner Nozzles & Injectors Clean <ul style="list-style-type: none"> ✓ Contains heavy duty detergents, cleans burner nozzles and injectors ✓ Removes accumulated soot deposits, solubilizes sludge in tanks ✓ By improving combustion reduces oil consumption by up to 10% ✓ Ideal for Aga, Rayburn and Range Master cookers
