

Hydra Annihilate Total

Cleans Disinfectants & Re-Odorises

**Safe, Fast Acting; Cleans and Disinfects in one easy operation.
Stops Infection and Cross Infection**

Multi Purpose, Non-Corrosive, Non-Toxic, Bio-Degradable

An aqueous blend of iodophors, non-ionic surfactants and other safe, powerful disinfectants. **Annihilate Total** is a fast acting, biodegradable, non-persistent, non-corrosive, non-toxic, dual purpose disinfectant / cleaner. Safe for disinfecting all surfaces including painted and unpainted vehicles. In the event that Annihilate Total should come into contact with either soil or water it will not cause environmental issues.

Highly Effective, Safe, Non Fuming Disinfectant

Unlike other disinfectants **Annihilate Total**, besides being totally effective is easy to use, does not present or emit toxic fumes and does not require the use of masks or breathing apparatus when in use and is safe to use with animals present during disinfecting process.

Used in Waste Management Parks, Re-cycling Centres, Waste Vehicles, Foot Baths & Decon Mats

For on all hard surfaces that require disinfecting as well as foot baths, boot washes and for disinfecting vehicles. Use manually, as a soak, or through sprayers.

Totally Effective Against a Broad range of Viruses, Yeast Moulds and Bacteria
