

HYDRA

Caravan Cleaner

Heavy Duty Cleaner For All Surfaces

HYDRA®

Features & Advantages

Rapidly Removes

- ◆ Foams - Clings - Cleans.
- ◆ Powerful Fast Acting Cleaner.
- ◆ Removes Toughest Stains.
- ◆ Also Use Inside For All Surfaces.
- ◆ Removes Traffic Film.

Description

- ◆ Specially formulated to clean caravan, motorhome and boat and keep them shiny without fading out the paintwork. Non acidic formula
- ◆ No need of forceful scrubbing of the surface and repeated use. Single application takes out all grease, stains and grime.
- ◆ Hydra caravan/ motor home cleaner makes regular cleaning of outer and interior surfaces of your leisure vehicles hassle-free.
- ◆ Hydra motor home cleaner replaces various cleaning products in favour of single product. Use the product as bathroom cleaner, hard surface cleaner, fabric cleaner, domestic PVC and plastic surface cleaner.
- ◆ Hydra Caravan cleaner prevents rusting of your caravan by removing traffic film and black streaks. The product cuts through coachwork streaks, black streaks, diesel fumes, drainage stains, rust and all kind of dirt deposits without harming the surface.

Motorhome and caravan cleaning require special attention as well much effort. Avoid deposition of road/traffic film and black streak to remain for long on the outside and inside of your caravan. Regular cleaning of your leisure vehicle is important to avoid rusting of metal surfaces.

Hydra Caravan and motor home cleaner easily removes streaks left after cleaning , overwintering grime, diesel fumes, traffic film and more. Use safely on various surfaces including aluminium, plastics, acrylic windows, sealants, ABS, decals etc.

The Solution

Always use specially formulated motorhome cleaners/ caravan cleaners for optimum results after cleaning. Hydra Caravan Cleaner is one such product that can be used on various surfaces around your leisure vehicles including caravan, motorhome and boat.

How To Use

HOW TO USE

Pre-wet the whole caravan/motorhome with a hose.

Apply Hydra Caravan & Motorhome Cleaner to dirty sections, leave for 3-5 minutes.

Agitate stubborn marks with a brush. Rinse off thoroughly with clean water. Stubborn marks use neat as a spot cleaner.

Can be diluted with up to 1:40 with water.

When applying Hydra Caravan & Motorhome Cleaner always start at the bottom and work your way up this helps to eliminate streaking.

Surfaces must be cool before application.

Do not apply in direct sunlight or allow to dry on surface.

Do not leave on surfaces longer than instructed.

For best results try a small test area before proceeding.

Not recommended for non-factory finishes.

HARD WATER AREAS

If you leave the surface to dry naturally it will leave water spots all over the caravan/motorhome especially the windows.

To avoid this towel dry the caravan/motorhome using microfiber towels or a chamois.

Laboratory Facilities

Hydra International Ltd's Research & Development Laboratories are a hub of activity where new products are developed and formulated. We have working relationships with our raw material suppliers, many of these suppliers are major world-wide chemical manufacturers with their own development laboratories.

As a company we are well known in the chemical industry for being receptive to cutting edge new chemicals which can be incorporated into our products to achieve performance advantages. An important part of the International Standards that we hold is that of constant improvement. We show that we have achieved this at every independent audit.
