

HYDRA

Grease Eater Liquid

Powerful Grease Degrading Enzymes

HYDRA®

Features & Advantages

- ◆ Hydra Grease-Eater Enzyme Liquid is special formulation for cleaning kitchen grease trapped in oil interceptors and drains.
- ◆ Prevents choking of kitchen drains due to solidification of FOGs within the kitchen drains or grease traps.
- ◆ Use regularly to avoid unpleasant odours from rotting organic deposits. Hydra Grease-Eater liquid not only emulsifies fat deposits but also prevents it from re solidifying, thus maintaining free flow of waste water from the kitchen sinks to the drains.
- ◆ Environment friendly formula contains favourable microbes and active enzymes that work in conjunction to melt away fats and oils right away.
- ◆ Insects and rodents do not raid your kitchen anymore as grease traps and kitchen drains are clear with no food deposits to attract them. Maintain truly hygienic kitchen with Grease Eater Enzyme Liquid.
- ◆ No sudden overflowing sinks and drains. Hydra Grease-Eater Enzyme Liquid acts upon all incoming oil, fat and grease instantly.
- ◆ The select bacteria sticks and colonises the food source (inside the oil trap and kitchen drain) and continues to act until the food (oil/grease/fats) is completely digested.
- ◆ Economically priced to give you the best value for your money. Cuts down the cost of maintaining grease traps by reducing the need of emptying fat trap by external agencies.

Description

Hydra Grease-Eater contains specific enzymes for cleaning drains adjoining kitchen or grease traps.

The effective liquid cleaner is easy to use and may be directly poured into the desired area as per the given dosage rates in the chart or used in Hydra Grease Eater Dosing System.

Dosing levels of the pump may be adjusted as the requirement; indicative dosage is given the chart.

The product is safe to use in domestic as well as commercial kitchens as it is completely non-toxic, non-flammable, non-corrosive and bio-degradable.

It's combined action of bacteria and enzymes ensures immediate action upon FOG accumulations.

It's enzymes do not allow solidification of grease and oils and bacteria adhere to the food source and continue to break it down until it is fully decomposed.

How To Use

Regularly use Hydra Grease Eater, fat trap cleaner enzyme enhanced liquid and forget all about overflowing sinks and choked kitchen drains.

Cockroaches, insects and rodents do not crawl up from the drains to contaminate your kitchen while you are asleep.

Hydra grease trap drain cleaner has won many loyal customers across industries due to its powerful and effective action.

These customers own various facilities including food plazas, food complexes, bakeries, fast food establishments, departmental stores, resorts, airports, spa, club houses, hotels, and hospitals.

Many customers use the product for cleaning and maintaining commercial or domestic cesspits/septic tanks.
