- ◆ Reaches even hard to clean smaller areas. **Removes black mould and grime** stuck in seals and grouting.
- ◆ **Fast acting formula** removes contamination and disinfects in single application.

Description

Spa-Clean is an effective biocidal degreaser and cleaner. Its deep penetrating foaming action allows efficient cleaning with least effort. Skin releases body fats, oils and lotions while users experience relaxing spas, hot tubs or Jacuzzi. Body fluids, oils and lotions covers the spa surface and makes it sticky, unpleasant and unhealthy.

Spa-Clean includes an odourless disinfectant that is effective upon a broad spectrum of bacteria and other microbes. Spa-Clean allows effective disinfection and cleaning of all types of surface in hot tubs, spas etc. with single application. Its rapid action foaming formula loosens grimes in difficult to clean nooks and corners.

Easy to use **Spa- Clean** may be applied directly from

our foam/spray bottles. Simply wash off later for cleaned, disinfected and fragrant surfaces. Disinfected, squeaky clean slip free surfaces enhance relaxing spa moments of your patrons or family members. Lingering perfume adds to the perception of visible cleanliness.

Applications

Used in Spa bath, Jacuzzi or hot tub

Body fats, lotions and oils are released from the skin during spa, bath, tub or shower use. This contamination coats the surfaces of the Spa bath, Jacuzzi or hot tub leaving a sticky, unpleasant and unhealthy residue.

Used on Surfaces

Spa-Clean with its rapid foaming action, instantly removes this grimy or sticky residue to leave the surfaces squeaky clean and gleaming.

Shower walls / trays / glass screens / doors

Use **Spa-Clean** to clean and disinfect in one. Rapidly removes soap scum and grime from all surfaces. Removes black mould and grime from tile grouting and seals.

Spa-Clean disinfects to stop infection and cross infection

Spa-Clean contains a broad spectrum odourless disinfectant which kills harmful bacteria and germs which cause infections. This ensures that the surfaces are not only clean but free from bacteria.

How To Use

Apply directly from our 1L foam spray bottle. Scrub lightly and rinse the surface.

Precaution: Always test on a small area before treating the stain.

It Kills off bacteria to give you **safe and hygienic hot tub/spa experience**. Available in direct use foaming bottles for ease of application.
