- ◆ Perfect daily cleaner disinfectant.
- ◆ For all surfaces including wooden or tiled floors.
- ◆ Will not attack floor seals.
- ◆ Packed in 5 litres foaming bottles.

Description

Speed is a totally new concept in cleaning. Its unique formula combines Perfumed Disinfectants & Powerful Cleaning Agents.

Speed was developed in conjunction with leisure / sports centres to meet the demands for safely cleaning a multitude of surfaces. Speed has been successfully used for cleaning both wet and dry areas associated with recreation for over 20 years.

Excellent cleaning properties **Speed** quickly and efficiently removes dirt / soil from all surfaces i.e. walls, floors including wood, paint work, equipment, tiles, showers, sinks, in all wet and dry areas. Speed will not attack floor seals. It will even remove light stains from fabric, carpets etc.

Speed Removes dirt, body fat and soil and, will even

remove light stains from fabric and carpets.

The Solution

Low Foaming - Less Rinsing

Controlled foaming of diluted product makes cleaning easier and lessens the chances of "fish eye" spotting on surfaces. No need to rinse unless dealing with heavily soiled areas or if painting after cleaning.

Perfumed Disinfectant

Speed contains highly effective disinfectants which kills harmful bacteria and viruses.

bacteria viruses which cause skin complaints including

Speed kills harmful bacteria viruses which cause skin complaints including verrucas and athletes foot. It also kills the bacteria which causes bad odours and helps stop infection and cross infection.

Use to clean and disinfect throughout the entire leisure centre complex.

Speed is very pleasantly perfumed and leaves all cleaned areas clean and fresh.

and fresh. N.B. See Flair as a weekly clean in all wet areas to remove scale and body fat.

How To Use

Hard Surfaces: Floors, Walls, Paintwork, Sinks, Tiles, Showers, Toilets etc.

Normal soiling: Dilute up to 1:40ww. Mop or spray surface to be cleaned, rinse with fresh water.

Light soiling: Dilute 1:60. Wipe or spray over surface to be cleaned, no need to rinse.

For Fabrics and Carpets

For Spot cleaning dilute **Speed** 1:20 in hand sprayer. Spray area.

Rub in lightly. Leave to dry. Vacuum if necessary.

N.B. Test small area first.
